

European University Professors of Ophthalmology

EUPO 2026

COURSE ON

OCULAR ONCOLOGY

Saturday February 21 | 🕒 08.10-16.15 CET Time zone

VIRTUAL

COURSE DIRECTORS: Professor Jens Folke Kiilgaard (DK) & Professor Antonia Jousen (DE)

The European University Professors of Ophthalmology (EUPO) is a long-time organizer since 1988 of an annual course for European residents who train in ophthalmology. The EUPO Course is a structured learning experience with a faculty representing different regions of Europe, the topic of which rotates between subspecialties in a four year cycle. This allows residents to get a balanced overview of theoretical knowledge during their residency period.

The syllabus parallels the four viva voces in the European Board of Ophthalmology Diploma Examination, emphasizes what is new in the last four years, and includes case-based teaching experiences.

Key points

- What is new
- Zoom based
- EBO aligned
- Case-based discussions
- Interactive
